

## INDEX OF AUTHORS

	Page
Abel, Millicent with Miller, Stephen D., Smith, Ronald E., Dippe, Donald W. and Lacey, Daniel R.	
Bacteriology of the socket in patients with prostheses .....	126
Aviner, Zvi with Henley, Walter L., Okas, Sirje, Castroviejo, Ramon and Meltzer, Murray	
Leucocyte migration test in patients after corneal transplantation .....	165
Awan, Khalid J.	
Presumed glial hamartomas in Usher's syndrome .....	258
Awan, Khalid J.	
Strabismus fixus divergens and associated craniofacial anomalies .....	186
Barker-Griffith, Ann E. with McDonald, P., Robb and Green, W. Richard	
Malignant melanoma arising in a choroidal magnocellular nevus (melanocytoma)	140
Bartholomew, R. S.	
Sympathetic ophthalmitis — successful treatment of late cases .....	122
Bartholomew, R. S. with Russell, J.	
The Stryker turning frame in surgery of posterior displacement of the lens .....	270
Basu, P. K. with Carré, F.	
The detection of immunologically competent cells in corneas showing an immune reaction — a simplified technique .....	69
Basu, P. K. with Minta, J. O.	
Chemotactic migration of leucocytes through corneal layers: an <i>in vitro</i> study .....	235
Begg, Iain S. with Rootman, Jack	
Clinico-pathological study of an organized plaque in exudative diabetic retinopathy .....	197
Bernardo, Arturo I. with Brownstein, Seymour, Suprapto and Salim, Isak	
Neurofibromatosis with eye fly <i>Siphunculina Funicola</i> in an eyelid tumor .....	261
Berry, Henry	
Clinical electroretinography by the skin electrode and signal averaged method .....	160
Boman, H. with Heilig, P., Kolder, H. E., Giblett, E. R. and Fialkow, P. J.	
Hereditary retinoschisis — linkage studies in a family and considerations in genetic counselling .....	11
Boone, J. E. with Lipton, N. L., Crawford, J. S., Greenberg, M. L. and Stein, H. B.	
The risk of iridocyclitis in juvenile rheumatoid arthritis .....	26
Borwein, Bessie with Sanwal, Madhu, Medeiros, J. A. and McGowan, J. Wm.	
Scanning electron microscopy of normal and lased rabbit retina .....	309
Bowman, K. with Hull, D. S. and Green, K.	
Effect of Brinolase on corneal endothelium .....	82
Brikman, Vladimir G. with Nesterov, A. and Churbanova, Emma K.	
Results of the carotid and the differential jugular compression tests in normal and glaucomatous patients .....	203

	Page
Brownstein, Seymour with Bernardo, Arturo I., Suprapto and Salim, Isak Neurofibromatosis with eye fly <i>Siphunculina Funicola</i> in an eyelid tumor .....	261
Brownstein, Seymour with Sheikh, Khalid M. and Lewis, Martin G. Tumor-associated antibodies in the serum of patients with uveal melanoma .....	147
Burton, T. with Czarnecki, Jan S. C., Weingeist, T. and Thompson, H. Stanley “Twin peaks” papilledema .....	279
Buski, John Z. with Younge, Brian R. Tonic pupil: a simple screening test .....	295
Carré, F. with Basu, P. K. The detection of immunologically competent cells in corneas showing an immune reaction – a simplified technique .....	69
Castroviejo, Ramon with Aviner, Zvi, Henley, Walter L., Okas, Sirje and Meltzer, Murray Leucocyte migration test in patients after corneal transplantation .....	165
Chan, W. C. with Morin, J. S. and McCulloch, C. Optic disc observations in glaucoma .....	134
Chandra, G. with Tanenbaum, H. L. Gelatin implants in retina surgery .....	52
Churbanova, Emma K. with Nesterov, A. and Brikman, Vladimir G. Results of the carotid and differential jugular compression tests in normal and glaucomatous patients .....	203
Colombo, Charles G. with Watson, A. Gardner Ophthalmic manifestations of multiple endocrine neoplasia, type three .....	290
Cooper, Ray with Hart, Christopher Dean and Papakostopoulos, Demetrios Causes of initial visual loss following blunt ocular injuries: an experimental study .....	241
Crawford, John S. with Easterbrook, Michael The use of bank sclera to correct lid retraction .....	304
Crawford, J. S. with Kazdan, J. J., Langer, H. and MacDonald, A. L. Sodium cromoglycate (Intal) in the treatment of vernal keratoconjunctivitis and allergic conjunctivitis .....	300
Crawford, J. S. with Lipton, N. L., Greenberg, M. L., Boone, J. E. and Stein, H. B. The risk of iridocyclitis in juvenile rheumatoid arthritis .....	26
Cullen, Gerald with Rodrigues, Merlyn M. and Shannon, Gerard Primary localized conjunctival amyloidosis following strabismus surgery .....	177
Czarnecki, Jan S. C. with Weingeist, T., Burton, T. and Thompson, H. Stanley “Twin peaks” papilledema .....	279
Dayal, Y. with Neelkanta, R., Sood, N. N. and Mahajan, V. M. Experimental intraocular nocardiosis .....	155

Amyloidosis of the iris .....	256
orbital .....	252
primary localized conjunctival, following strabismus surgery .....	177
Antibiotic, intravitreal injection and vitrectomy in bacterial endophthalmitis .....	188
Antibodies, tumor associated, with uveal melanoma .....	147
Aqueous humour, lactic acid in .....	327
Argyll Robertson pupil, with monocular elevator paresis in sarcoidosis .....	330
Arteritis, presumptive temporal, complications of corticosteroid therapy in .....	115
Bacteriology of the socket in patients with prostheses .....	126
Chickenpox, internal ophthalmoplegia following .....	267
Coats' disease, a study of cholesterol transport in the eye .....	61
Conjunctivitis, vernal, therapy .....	300
Contact lens, soft, soaking solutions and inhibition of pseudomonas .....	323
Cornea, black and topical epinephrine .....	336
corneal endothelium, effect of brinolase on .....	82
detection of immunologically competent cells in .....	69
leucocyte migration after corneal transplantation .....	165
leucocyte migration through .....	235
posterior polymorphous dystrophy and juvenile glaucoma .....	180
zona ophtalmique et kératite dendritique .....	217
Corticosteroid therapy, complications of in presumptive temporal arteritis .....	115
Dark adaptation, in ocular hypertensives, a study of .....	55
Diabetes, exudative maculopathy, clinicopathological study of an organized plaque in .....	197
results after vitrectomy in .....	130
Ectropion, correction of .....	341
Editorial, tribute to Howard and Margaret Reed .....	100
Electron microscopy, scanning of normal and lased rabbit retina .....	309
Electroretinography, clinical, skin electrode and signal average method .....	160
Endocrine neoplasia, multiple, type three, ocular manifestations in .....	290
Endophthalmitis, acute bacterial, intravitreal antibiotic injection and vitrectomy in .....	188
Entropion, correction of .....	341
Epinephrine, topical, black cornea .....	336
Epitheliale, l'invasion de la chambre anterieure .....	17
Fluorescein angiography and retinal venous sheathing in multiple sclerosis .....	31
Fungus, experimental intraocular nocardiosis .....	155
lid rhinosporidiosis .....	91

Glaucoma, juvenile, and posterior polymorphous corneal dystrophy .....	180
optic disc observations in .....	134
results of the carotid and differential jugular compression tests in .....	203
Hemorrhage, on the optic disc, studies of .....	102
Herpes, zona ophtalmique et kératite dendritique .....	217
Iridocyclitis, the risk of in juvenile rheumatoid arthritis .....	26
Iris, amyloidosis of .....	256
Lactic acid, in aqueous humor .....	327
Laser, continuous wave power source, adaptation of Jena 5000 photoocoagulator to .....	171
Lens, posterior displacement, the Stryker turning frame in surgery of .....	270
Leucocyte migration, chemotactic, through corneal layers .....	235
test in patients after corneal transplantation .....	165
Lid rhinosporidiosis .....	91
tumor, neurofibromatosis with eye fly Siphunculina funicola in .....	261
Lid retraction, correction of with bank sclera .....	304
Macula, exudative diabetic retinopathy, clinicopathological study of an organized plaque in .....	197
traumatic hole in .....	249
Maculopathy of sex-linked juvenile retinoschisis .....	1
Melanocytoma, malignant melanoma arising in a choroidal magnocellular nevus .....	140
Melanoma, malignant, arising in a choroidal magnocellular nevus .....	140
malignant, of the choroid with balloon cells .....	208
uveal, tumor-associated antibodies .....	147
Monocular elevator paresis and Argyll-Robertson pupils in sarcoidosis .....	330
Multiple sclerosis, fluorescein angiography and retinal venous sheathing in .....	31
Ocular manifestations, multiple endocrine neoplasia, type three .....	290
Ophthalmoplegia, internal, following chickenpox .....	267
Optic nerve, invasion of by retinoblastoma .....	106
observations in glaucoma .....	134
studies of hemorrhage on .....	102
Optic tract atrophy, "twin peaks" papilledema in .....	279
Orbit, amyloidosis .....	252
involvement in Riedel's struma .....	87
Papilledema, "twin peaks", in optic tract atrophy .....	279
Parasite, eye fly Siphunculina funicola, neurofibromatosis in an eyelid tumor .....	261
trematode ( <i>diplostomum</i> spp.), survival in mammalian eyes and associated pathology .....	229
Pheochromocytoma and von Hippel-Lindau's disease .....	282
Photocoagulation, Jena 5000, adaptation to continuous wave laser power source .....	171
